DETAILED ACTION

Reissue Applications

1. The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. See 37 CFR 1.175(a)(1) and MPEP § 1414.

Applicant fails to particularly point out any specific error, such as stating exactly what limitations patentee claimed that he was not entitled to. Mere restatement of the reason is inadequate.

The newly added claims seems to add additional limitations to that of canceled claims implying that the original claims were overly broad. If applicant believes that prior art is applicable to the canceled claims applicant is required to set forth his basis for this belief.

2. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-10, 25-33 are rejected as being based upon a defective reissue oath under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.
